### PROFILE

A student in the deemed university of SRM INSTITUTE OF SCIENCE AND TECHNOLOGY pursuing Btech CSE w/s AIML having the hunger to learn about latest modern day website creation using flagship techstack like ReactJS and libraries like threeJS , GSAP , Locomotive and many more. Learning SpringBoot for the use of backend which is the industry standard for large scalable websites. An enthusiast of learning AI & ML algorithms.

### EXPERIENCE

KANNCOMP INDIA Pvt Ltd

2023-2024

DEVELOPER AND CONTENT MANAGER

In KCI I was assigned the job of Developer making a company website showcasing the clients and the products the company serves. Also was the content manager responsible to establish good relations with the clients.

This was a vacation internship which was served in winter and summer vacation of 2023 and 2024 respectively and hopefully in the future too.

Learnings :-

1. If the client is happy the company would be happy.
2. Designing and developing a company website from scratch
